

Verdigris Wax

Multi-purpose colour wax giving green hues of oxidised copper and brass.

Purpose

Liberon Verdigris Wax is a multi-purpose coloured wax for creating striking effects on all types of material such as metal, wood and plaster. It gives green hues of oxidised copper and brass and can be worked into moulding, bronzes, papier mache, alabaster and carvings. It can also be applied as a wax finish to bare or coloured wood.

Performance

- Special effects wax
- Ideal for decorating household objects
- Suitable for use on wood, plaster, stone, metals and plastic
- Easy to use
- Buffs to a soft sheen
- Usage : Interior

How to Use

Preparation

Ensure the surface is clean, dry and free from any previous finishes.

Application

Work a small amount into mouldings, or where required, using a brush or cloth. Allow to dry for 2-3 minutes before removing as much or as little of the excess as you wish with a clean lint-free cloth or Liberon Ultra Fine Steel Wool (0000).

To use the wax as a coloured finish on bare wood, work a thin coat into the wood with Ultra Fine Steel Wool (0000), allow to dry and buff. The wax may be thinned with a small amount of white spirit to make application on bare timber easier.

Once dry seal the wax with Liberon White Polish.

To remove large areas of Special Effect Wax use Liberon Black Bison Wax Neutral or Liberon Finishing Oil on a lint-free cloth or steel wool.

Important

Always test product on a spare surface or inconspicuous area for colour, compatibility and end result.

Colours: Verdigris

Coverage: 250ml = 2-3m²

Pack Size: 250ml

Drying Time: 5 minutes
