

Furniture Wax Paste

Ideal for nourishing and protecting all types of wooden furniture, including lacquers and french polishes.

Purpose

Liberon Furniture Wax is ideal for nourishing and protecting all types of wooden furniture, including lacquers and French polishes. It helps to prevent finger and water marks and is suitable for use on both antique and modern furniture items. Liberon Furniture Wax will enhance the natural beauty of the wood, whilst also protecting it against dryness and everyday usage.

Performance

- Feeds, polishes and protects wooden furniture
- Highly lustrous and hard wearing
- Helps cover marks and scratches
- EN71 Part 3 Approved - Safe for toys
- Approved by the Guild of Master Craftsmen
- Silicone Free

How to Use

Preparation

Remove old waxes and dirt with Liberon Wax and Polish Remover if necessary. Ensure the surface is clean, dry and free from dust.

Application

Apply Furniture Wax sparingly with a cloth on a delicate (i.e. French polished) surface or with Liberon Ultra Fine Steel Wool (grade 0000) when a deeper penetration is required.

Allow to dry for 20 minutes, or until touch dry, and then buff with a clean cotton cloth or furniture brush. Repeat the operation on new or very dry wood as it may require two or more coats. For an improved finish buff with a Liberon Furniture Brush once the last coat has dried.

For a higher sheen build-up with thin coats of Furniture Wax, buffing between coats.

Important

Always test product on a spare surface or inconspicuous area for colour, compatibility and end result.

Cleaning and maintenance

Wipe over with a cloth or duster and re-wax as required, when the surface looks dull and tired. Do not wash with water.

Precautions

Not suitable for high water areas such as kitchens and bathrooms. We recommend the use of Liberon oils or varnishes in these areas.

Colours: Neutral

Coverage: 150ml = 1-1.5m²

Pack Size: 150ml

Drying Time: Minimum 20 minutes
