

Use to retouch damaged gilding or to gild new surfaces.

Purpose

Liberon Gilt Cream is an easy to apply gilt finish for restoring old gilding work and for giving a gilt finish to new surfaces.

Performance

- Use to retouch damaged gilding or to gild new surfaces
- Easy to use
- All colours are intermixable

How to Use

Preparation

Seal porous surfaces, such as woods and plaster, with Liberon Fontenay Base before applying Liberon Gilt Cream. Ensure surface is clean, dry and free from dust.

Application

Apply to the surface with a cotton cloth or small brush for intricate areas. Allow to dry for a minimum of 4 hours, longer if possible and either leave matt or buff to a shine. For a better finish we recommend applying several thin coats of Gilt Cream as oppose to one thick coat.

Clean tools in white spirit.

Important

Always test product on a spare surface or inconspicuous area for colour, compatibility and end result.

Precautions

Gilt Creams may be reactivated or thinned with Liberon Pure Turpentine or good quality white spirit.

Colours: Chantilly, Compeigne, Fontainebleau, Rambouillet, Sceaux, St Germain, Trianon and Versailles.

Pack Size: 15ml BP, 30ml BP, 30ml, 100ml, 8 x 30ml
